Deke knows the Middle East better than anyone, so he doesn't have a choice—even though he's having trouble reaching Karin. Once overseas, the news that Karin has actually disappeared compounds the trouble he encounters from al-Qaeda soldiers. Now Deke is in a race against time to recover millions of dollars and save his girlfriend's life. From northwestern Pakistan to the backwoods of West Virginia, this is Deke Mitchell's final mission. Koenig is a puppet master—a master manipulator who compartmentalizes the

parts of a job so that only he knows all the details. What are they really going to steal? Who's going to carry it out? How are they going to escape? And who's going to be discarded to the opposition or the law? The Travelers will have their hands full staying alive and staying free, and outthinking the other players, if they hope to steal Koenig's loot right from under his nose. Thicker Than Thieves: On the prowl to steal a crime cartel's diamond shipment, the Travelers zero in on the smugglers—an Iranian American pair of brother and sister oriental carpet importers. They have twelve weeks to manipulate the smugglers, figure out the details of the diamond delivery, and escape with the diamonds without tipping off the cartel. But Middle Eastern jihadis hoping to create chaos in the US and white nationalists intent on a terrorist act bigger than the 1995 Oklahoma City bombing also have plans for the smugglers. And when the FBI gets wind of these plots, the Travelers' plans are suddenly careening sideways.... The Dark Web Scam: The Travelers and a computer hacker are operating a dark web con, taking cash from suckers who think they're hiring contract killers. Easy money. And no one to complain to the police. But when an actual killer comes after them, they're on the hunt for payback. Who sent the assassin who killed their partner? And why is he stalking a newspaper reporter? Once the Travelers figure out who they're up against, they set a plan in motion to rob him and take revenge, but as the cat-and-mouse game progresses, and the police get involved, the Travelers find they're moving through a quagmire of drugs, sex trafficking, and greed where any misstep could lead to the morgue. The Travelers crime thrillers contain profanity, violence, and sexual situations typical of the genre and similar to R rated movies. **The Right Tool** Sep 22 2020 Motorcycle mechanic Kyle Bryant was content with his life, until last night, when he hooked up with his youngest brother's ex-girlfriend, Madison Alvarez. Along the campaign trail, Donnie is constantly asked to step out of his comfort zone by Cameron Hamilton, the Justice Coalition's senior political strategist. During that summer, Donnie reframes the campaign's message for his generation and conquers his fear of public speaking. As a senior, Donnie consistently faces down, Lloyd Chambers, his principal and an institutional proponent of reaction and homophobia. When Donnie is assaulted by his best friend, Jake Kneath, in the restroom during Logan High School's Homecoming dance, he struggles emotionally. Elusive Treasures Nov 12 2019 When I started to write this book, I was advised by wise friends not to tell the stories in the first person. However, much of the book is autobiographical, and I felt compelled to write it in first person. I hope it is not a disaster. The various episodes in the book range from absolutely true from start to finish, to a few that start with a real incident but wander off into fiction. One story is entire fantasy.
