*Guide to Financial Markets Oct 28 2020 Recent market turbulence makes it abundantly clear how important it is to understand the key markets. This book is the definitive guide to why different markets exist, how they operate, and how they are interrelated. Extensively revised and updated, the new Fifth Edition of Guide to Financial Markets brings the reader up to date with the latest developments in financial instruments and provides a clear and incisive guide to this increasingly complex world. With chapters on the markets that deal with money, foreign exchange, equities, bonds, commodities, futures, options, and other derivatives, this new edition looks at why these markets exist, how they work, and who trades in them, and provides a rundown of the factors that affect prices and rates.*

*Inventing the "American Way" Jan 11 2022 In the wake of World War II, Americans developed an unusually deep and all-encompassing national unity, as postwar affluence and the Cold War combined to naturally produce a remarkable level of agreement about the nation's core values. Or so the story has long been told. Inventing the "American Way" challenges this vision of inevitable consensus. Americans, as Wendy Wall argues in this innovative book, were united, not so much by identical beliefs, as by a shared conviction that a distinctive "American Way" existed and that the affirmation of such common ground was essential to the future of the nation. Moreover, the roots of consensus politics lie not in the Cold War era, but in the turbulent decade that preceded U.S. entry into World War II. The social and economic chaos of the Depression years alarmed a diverse array of groups, as did the rise of two "alien" ideologies: fascism and communism. In this context, Americans of divergent backgrounds and beliefs seized on the notion of a unifying "American Way" and sought to convince their fellow citizens of its merits. Wall traces the competing efforts of business groups, politicians, leftist intellectuals, interfaith proponents,*

*civil rights activists, and many others over nearly three decades to shape public understandings of the "American Way." Along the way, she explores the politics behind cultural productions ranging from The Adventures of Superman to the Freedom Train that circled the nation in the late 1940s. She highlights the intense debate that erupted over the term "democracy" after World War II, and identifies the origins of phrases such as "free enterprise" and the "Judeo-Christian tradition" that remain central to American political life. By uncovering the culture wars of the mid-twentieth century, this book sheds new light on a period that proved pivotal for American national identity and that remains the unspoken backdrop for debates over multiculturalism, national unity, and public values today.*

*Last Comes the Raven Feb 18 2020 “Calvino . . . managed effortlessly what no author in English could quite claim: his novels and stories and fables were both classically modernist and giddily postmodern, embracing both experiment and tradition, at once conceptual and humane, intimate and mythic.” — Jonathan Lethem, New York Times Book Review*

*Blending reality and illusion with elegance and precision, the stories in this collection take place in a World War II-era and postwar Italy tinged with the visionary and fablelike qualities. A trio of gluttonous burglars invades a pastry shop; two children trespass upon a forbidden garden; a wealthy family invites a rustic goatherd to lunch, only to mock him. In the title story, a compact masterpiece of shifting perspectives, a panicked soldier tries to keep his wits—and his life—when he faces off against a young partisan with a loaded rifle and miraculous aim. Select stories from *Last Comes the Raven* have been published in translation, but the collection as a whole has never appeared in English. This volume, including several stories newly translated by Ann Goldstein, is an important addition to Calvino's legacy.*

This eBook features links to Lexis Advance for further legal research options.*

*Plays by A. W. Pinero Mar 01 2021 This volume contains four plays by the leading late Victorian and Edwardian playwright Arthur Wing Pinero (1855-1934). It provides a representative sample of the work of a writer who far outshone his rivals (including both Wilde and Shaw) in his own day, and inspired such successors as Somerset Maugham and Terence Rattigan in the genre of the 'wellmade play', and Ben Travers in the writing of farce. The plays are *The Schoolmistress* (1866), one of the famous Court farces; *The**

*Second Mrs Tanqueray (1893), the best known of all the plays about 'a woman with a past'; Trelawny of the 'Wells' (1898), a much-loved backstage romance; and The Thunderbolt (1908), a pioneering social drama. Two of the plays (The Schoolmistress and The Thunderbolt), are not available in print elsewhere. This scholarly edition includes an introduction, a biographical account, a full list of Pinero's plays in performance and publication, and several important appendixes, including an alternative ending to The Schoolmistress and significant variants in the text of The Second Mrs Tanqueray.*

*Native American Aliens Sep 07 2021 "During a brief thirteen-month period in 1944-45, 5,589 persons, one in every fourteen American citizens of Japanese descent, gave up their citizenship in the land of their birth. Most lived in Tule Lake Segregation Center, one of the ten concentration camps (euphemistically called relocation centers) created by the United States government to house its resident West Coast Japanese population at the beginning of World War II."--Author's preface.*

*Race for Empire Apr 02 2021 Race for Empire offers a profound and challenging reinterpretation of nationalism, racism, and wartime mobilization during the Asia-Pacific war. In parallel case studies—of Japanese Americans mobilized to serve in the United States Army and of Koreans*

*recruited or drafted into the Japanese military—T. Fujitani examines the U.S. and Japanese empires as they struggled to manage racialized populations while waging total war.*

*Fujitani probes governmental policies and analyzes representations of these soldiers—on film, in literature, and in archival documents—to reveal how characteristics of racism, nationalism, capitalism, gender politics, and the family changed on both sides. He demonstrates that the United States and Japan became increasingly alike over the course of the war, perhaps most tellingly in their common attempts to disavow racism even as they reproduced it in new ways and forms.*

*Immigrants and Aliens Apr 21 2020 An invaluable research guide to the wealth of records charting UK's immigration from medieval to modern times.*

*The County companion, diary, statistical chronicle and magisterial and official directory for 1879 (-87,89), ed. by J.R. Somers Vine Mar 13 2022*

*Contextualizing Cassian Jul 17 2022 Richard J. Goodrich examines the attempt by the fifth-century ascetic writer John Cassian to influence and shape the development of Western monasticism. Goodrich's close analysis of Cassian's earliest work (*The Institutes*) focuses on his interaction with the values and preconceptions of a traditional Roman elite, as well as his engagement with contemporary writers. By placing *The Institutes* in context, Goodrich demonstrates just how revolutionary this foundational work was for its time and*

*milieu.*

*Encyclopedia of Japanese American Internment Oct 20 2022*  
*This book addresses the forced removal and confinement of Japanese Americans during World War II—a topic significant to all Americans, regardless of race or color. The internment of Japanese Americans was a violation of the Constitution and its guarantee of equal protection under the law—yet it was authorized by a presidential order, given substance by an act of Congress, and affirmed by the U.S. Supreme Court. Japanese internment is a topic that we as Americans cannot afford to forget or be ignorant of. This work spotlights an important subject that is often only described in a cursory fashion in general textbooks. It provides a comprehensive, accessible treatment of the events of Japanese American internment that includes topical, event, and biographical entries; a chronology and comprehensive bibliography; and primary documents that help bring the event to life for readers and promote inquiry and critical thinking. Provides comprehensive, authoritative, concise, and clearly written information about the internment of Japanese Americans in a single volume Combines first-hand accounts by participants in this tragic and historic experience with detailed descriptions of assembly centers, concentration camps, and military and Justice Department internment camps to enable readers to imagine what being interned was like Describes historic events; examines the legal, political, and social ramifications; supplies biographies of key*

*individuals; and discusses the significance of Japanese internment in Asian American history Serves as an effective introduction to the subject of Japanese American internment for high school and undergraduate students as well as general readers*
