Essays in Biblical Criticism and Exegesis Nov 21 2022 William Sanday (1843-1920) is best known today perhaps for his editing of a now classic work on the Synoptic Gospels and his co-authorship of a still-important commentary on the book of Romans (ICC). However, this great Oxford scholar also produced a large number of other important books and other writings. This volume, the first in the new Trinity Academic Press sub-series, Classics in Biblical and Theological Studies, gathers together in an accessible form a number of Sanday's important articles in the areas of

method, language and exegesis. In the section on method, Sanday has articles on biblical criticism and interpretation. His writings on language include his responses in his dispute with A. Roberts. The section on exegesis touches on interpretation of the parables, understanding the son of man, issues in Acts 15, and, perhaps most importantly, his dispute with W. Ramsay. This is an important collection of essays by an important but now unfortunately often overlooked scholar of a previous generation. [Anatomies of Narrative Criticism](#) Sep 07 2021 Reflecting on the twenty-fifth

anniversary of Alan Culpepper's milestone Anatomy of the Fourth Gospel (1983), Anatomies of Narrative Criticism explores current trends in the study of the Gospel of John as literature. The contributors to the volume represent a wide range of methodological approaches that all explore ways that contemporary readers generate meaning from John's story of Jesus. The book includes an introduction to narrative-critical studies of John; essays on specific themes and passages that focus on interpretation of the text, history of research, hermeneutical

approaches, and future trends in research; and a reflective response from Alan Culpepper. Overall, the book seeks to trace the history and project the future of the study of the Bible as narrative. The contributors are Paul N. Anderson, Colleen M. Conway, R. Alan Culpepper, Robert Kysar, Tatsiong Benny Liew, Francis J. Moloney, S.D.B., Stephen D. Moore, Adele Reinhartz, Jeffrey L. Staley, Mark Stibbe, Tom Thatcher, Ruben Zimmermann, and Jean Zumstein. [Handbook of Biblical Criticism](#) Dec 22 2022 Recreates events of 1900 in China when a small fanatical sect attacked

"foreign devils," killing Christian missionaries and Chinese Christians; told from both Chinese and Western points of view.

Scripture and Scholarship in Early Modern England Jun 04

2021 The Bible is the single most influential text in Western culture, yet the history of biblical scholarship in early modern England has yet to be written. There have been many publications in the last quarter of a century on heterodoxy, particularly concentrating on the emergence of new sects in the mid-seventeenth century and the perceived onslaught on the clerical

establishment by freethinkers and Deists in the late-seventeenth and early-eighteenth century. However, the study of orthodoxy has languished far behind. This volume of complementary essays will be the first to embrace orthodox and heterodox treatments of scripture, and in the process question, challenge and redefine what historians mean when they use these terms. The collection will dispel the myth that a critical engagement with sacred texts was the preserve of radical figures: anti-scripturists, Quakers, Deists and freethinkers. For while the work of

these people was significant, it formed only part of a far broader debate incorporating figures from across the theological spectrum engaging in a shared discourse. To explore this discourse, scholars have been drawn together from across the fields of history, theology and literary criticism. Areas of investigation include the inspiration, textual integrity and historicity of scriptural texts, the relative authority of canon and apocrypha, prophecy, the comparative merits of texts in different ancient languages, developing tools of critical scholarship,

utopian and moral interpretations of scripture and how scholars read the Bible. Through a study of the interrelated themes of orthodoxy and heterodoxy, print culture and the public sphere, and the theory and practice of textual interpretation, our understanding of the histories of religion, theology, scholarship and reading in seventeenth-century England will be enhanced. *Bible and Interpretation: The Collected Essays of James Barr* Dec 30 2020 The first of three volumes of James Barr's collected essays. Begins with a biographical essay and contains major articles on theology

in relation to the Bible, programmatic studies of the past and future of biblical study, and reflections on specific topics in the study of the Old Testament.

Handbook of Biblical Criticism

Oct 16 2019 A thoroughly revised and comprehensive guide to basic terms and concepts used in Biblical criticism. This title provides everything a student needs for a class in Biblical interpretation. The new edition also includes a diagram of Biblical interpretation, over forty-five new articles, an additional two hundred bibliographic entries to enhance study. It is a

reliable guide for modern critical study and a useful reference works for the student of scripture. The coverage of this handbook is extremely broad and accurate for a one-volume work.

Empirical Models for Biblical Criticism Sep 26 2020 Modern critical scholarship has concluded that the books of the Hebrew Bible have not reached us in their original form but are the products of lengthy evolution. Many of these books are thought to combine the works of more than one author or age and to have undergone considerable revision. Tigay and the other contributors use

comparisons of various texts from ancient Mesopotamia and post-exilic Israel. Such comparisons show that the sort of development of biblical literature that nineteenth-century critics were led to postulate from close study of the texts alone is characteristic of many ancient Near Eastern texts. 'Empirical Models for Biblical Criticism' is of value to scholars interested in the Old Testament, as well as religion, theology, Jewish studies, Near Eastern studies, and comparative literature.

Historical Tradition in the Fourth Gospel Oct 28 2020 An historical investigation of the

narrative material and Sayings of St John's Gospel.

Systematic Theology, Volume 1, Fourth Edition

Jun 16 2022 "Rivals the major systematic theologies of this century." --Baptist History and Heritage Journal, July 1996 "One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives . . . that teachers and students from other confessional and

denominational positions will find his work instructive." --Consensus, 1997 "If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this . . . Pastors will especially find this feature to be a real help in teaching theology . . . [It is] an indispensable contribution to the task of systematic theology." --Journal of the Evangelical Theological Society, September 1999 "Many students and pastors will find all they need here, and will in addition be

helped to relate their knowledge to recent developments in the theological world." -
-The Churchman: A Journal of Anglican Theology, 1991 "A gold mine of helpful material." --The Christian Century, May 29-June 5, 1991 "No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling." --Faith and Mission, Fall 1991 "Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well

documented in both biblical and historical scholarship and will prove to be a classic." --William Hendrickson, Southern Baptist Theological Seminary "One of the most comprehensive, concise books of its type available; it should receive wide use in the classroom and in the study." --Robert H. Culpepper, Southern Baptist Theological Seminary

Biblical Criticism on the First Fourteen Historical Books of the Old Testament, Vol. 4 Aug 26 2020

Excerpt from Biblical Criticism on the First Fourteen Historical Books of the Old

Testament, Vol. 4 of 4: Also on the First Nine Prophetical Books Not perhaps with an audible voice, but with some external sign, by which the prophet might with cer tainty distinguish the revelations of the Holy Spirit from thoughts arising in his own mind: 'and I very much doubt, whether internal suggestion alone was a method of communication. I have no doubt. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology

to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Nature of Biblical Criticism
Sep 19 2022

Biblical criticism faces increasing hostility on two fronts: from biblical conservatives, who claim it is inherently

positivistic and religiously skeptical, and from postmodernists, who see it as driven by the falsities of objectivity and neutrality. In this magisterial overview of the key factors and developments in biblical studies, John Barton demonstrates that these evaluations of biblical criticism fail to do justice to the work that has been done by critical scholars over many generations. Traditional biblical criticism has had as its central concern a semantic interest: a desire to establish the "plain sense" of the biblical text, which in itself requires sensitivity to many literary aspects of texts.

Therefore, he argues, biblical criticism already includes many of the methodological approaches now being recommended as alternatives to it and, further, the agenda of biblical studies is far less fragmented than often thought. Exploring Postcolonial Biblical Criticism Mar 13 2022 Exploring Postcolonial Biblical Criticism: History, Method, Practice offers a concise and multifaceted overview of the origins, development, and application of postcolonial criticism to biblical studies. Offers a concise and accessible introduction to postcolonial biblical

studies Provides a comprehensive overview of postcolonial studies by one of the field's most prominent figures Explains one of the most innovative and important developments in modern biblical studies Accessible enough to appeal to general readers interested in religion **The New Cambridge History of the Bible: Volume 4, From 1750 to the Present** Nov 16 2019 This volume examines the Bible's role in the modern world - beginning with a treatment of its production and distribution that discusses publishers, printers, text

critics, and translators and continuing with a presentation of new methods of studying the text that have emerged, including historical, literary, social-scientific, feminist, postcolonial, liberal, and fundamentalist readings. There is a full discussion of the changes in understandings of and approaches to the Bible in various faith communities. The dissemination of the Bible throughout the globe has also produced a host of new interpretations, and this volume provides a comprehensive geographical survey of its reception. In the final chapters, the authors offer a

thematic overview of the Bible in relation to literature, art, film, science, and other disciplines. They demonstrate that, in spite of challenges to the Bible's authority in western Europe, it remains highly relevant and influential, not least in the Americas, Africa, and Asia. *They Were All Together in One Place? Toward Minority Biblical Criticism* Jun 23 2020 Critics from three major racial/ethnic minority communities in the United States—African American, Asian American, and Latino/a American—focus on the problematic of race and ethnicity

in the Bible and in contemporary biblical interpretation. With keen eyes on both ancient text and contemporary context, contributors pay close attention to how racial/ethnic dynamics intersect with other differential relations of power such as gender, class, sexuality, and colonialism. In groundbreaking interaction, they also consider their readings alongside those of other racial/ethnic minority communities. The volume includes an introduction pointing out the crucial role of this work within minority criticism by looking at its historical

trajectory, critical findings, and future directions. The contributors are Cheryl B. Anderson, Francisco O.

García-Treto, Jean-Pierre Ruiz, Frank M. Yamada, Gale A. Yee, Jae-Won Lee, Gay L. Byron, Fernando F. Segovia, Randall C. Bailey, Tat-siong Benny Liew, Demetrius K. Williams, Mayra Rivera Rivera, Evelyn L. Parker, and James Kyung-Jin Lee.

The Temporal Mechanics of the

Fourth Gospel Apr 02 2021 By redefining narrative temporality in light of modern physics, this book advances a unique and innovative approach to the deep-seated temporalities within the Gospel of John—and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship.

Handbook of Biblical Criticism

Jan 23 2023

Integrating the newest methods and theories of biblical studies, this third edition

contains over 800 terms, phrases, names, explanations of common abbreviations, notes

on major methodologies and exegetical basics, biographical sketches of key figures in the history of research, analytical outlines of fundamental critical problems, a list of bibliographic tools, plus an invaluable "Diagram of Biblical Interpretation."

A Fresh Look at Genesis 1-2 Feb 18 2020

One of this book's main themes is how God's 'Book of Nature' is concordant with His 'Book of Scripture'. In their writings, many of the pioneers of the Scientific Revolution often referred to God's two 'Books'. These brilliant naturalists were also devout Christians. But that was back then. Is

modern science actually compatible with Scripture? More to the point, are the findings of 21st-century science concordant with the Genesis creation story? What else does the text of Genesis 1-2 have to say? While making an honest effort to answer those questions, some vitally-important theological concepts (which were introduced by Moses in the first two chapters of Genesis) are also examined and discussed in this volume. This comprehensive study (on how modern science is concordant with the intended meaning of the text of Genesis 1-2) has many useful

features, including the following: Much of the first two parts of the book consists of background material on: (1) logic, (2) history and philosophy of science, and (3) 'scientific method', as well as (4) basic geological principles, (5) descriptions of Plate Tectonic theory, and (6) the principles and methods of radiometric dating. This background material is designed to help the reader to understand the implications of the empirical evidence presented in Part Two: God's Book of Nature. Similarly, there is also extensive material on: (1) Biblical interpretation and hermeneutics, (2)

textual criticism, (3) the history of ancient Israel, (4) development of the Hebrew language, and (5) some of the basic elements of Biblical Hebrew. This material is given prior to looking at the literary structure and genre of the Genesis 1-2 text, and then conducting thorough and complete exegetical analyses of the various textual units of Genesis 1-2 in Part Four: God's Book of Scripture. Prior to the exegetical analyses for each of the textual units of Genesis 1-2, (1) the Biblical Hebrew text, (2) a standard English translation, and (3) an Interlinear version of the text of that

unit are provided. The Interlinear version consists of (a) the Hebrew text, with (b) SBL transliterations and (c) English glosses below each one of the Hebrew words. Color coding and other types of annotations/highlighting are used throughout Part Four: God's Book of Scripture, in order to help the reader identify important Biblical Hebrew elements, including recurring phrases, important BH words, and key BHVS verb forms. There are more than 2000 detailed footnotes. Many of these footnotes also cross-reference other topics in the book to make it easier for the reader to refer back to a discussion of

some important theme or concept. Excerpts from the entries of reputable Hebrew and Greek lexicons (for words written in the original languages of the Biblical text) are also footnoted. An Appendix is included with a Key to Transliteration and Pronunciation for Biblical Hebrew graphemes; it also has a short section on Biblical Hebrew Accent Markings. Numerous detailed, colored figures are sprinkled throughout the text. In many of these figures, the artwork itself is worth the inexpensive price of the digital edition of this book. Part Six: The Good News is worth reading as a stand-alone exposition of God's Grace, but it also

helps put the rest of the book in context. Although the most common (and logical) way to read A Fresh Look at Genesis 1-2 is from start to finish, this 1100-page book was also intended to be used as a reference work. Footnotes direct the reader back to pertinent material in preceding chapters that might not have been read already (or that readers might want to revisit, in order to refresh their memory on some topic). A Poetics of
Postcolonial Biblical
Criticism

Mar 01

2021 Telling in current biblical postcolonial discourse that draws insights from the works of Aimé Césaire, Frantz Fanon, and postcolonial theorists is the missing contribution of Léopold Sédar Senghor, the architect of Negritude. If mentioned at all, Senghor is often read through conclusions drawn

by his critics or dismissed altogether as irrelevant to postcolonialism. Restored to its rightful place, Senghorian Negritude is a postcolonial lens for reading Scripture and other faith traditions with a view to reposition, conscientize, liberate, and rehabilitate the conquered, and enable them to reclaim their faith traditions and practices that once directed a mutual relationship between God, human, and nature—a delicate symbiosis before the French colonial advent in West Africa. A keen eye for cross-cultural analysis and contextualization

enriched this volume with an intriguing reading of scripture, Ancient Near Eastern and Greco-Roman texts in conversation with other faith traditions, particularly Senegalese Diola Religion. As a Poetics of Postcolonial Biblical Criticism, Negritude is an optic through which people of faith may look around themselves, critically reread their sacred texts, reassess their vocation, and practice mutuality with God and nature on the heels of chilling climate change. Enshrined in this innovative argument is a call for introspection and challenge for

people of faith to assume their vocation—human participatory agency.

A Treatise on Biblical Criticism
Dec 10 2021

Theology as Retrieval May 23 2020
Buschart and Eilers identify six critical areas—Scripture, theology, worship, spirituality, mission and culture—where contemporary Christians are retrieving aspects of our Christian past for life and thought today. The result is a

fascinating tour and wise reflection on how Christians might receive, employ and transmit the treasures of their past.

Reading Biblical Texts Together

Apr 21 2020 A solid and suggestive foundation for the future of ethnic-racial minority biblical criticism This volume, edited by Tat-siong Benny Liew and Fernando F. Segovia, expands the work begun in *They Were All Together in One Place? Toward Minority Biblical Criticism* (2009) by focusing on specific texts for scholarly engagement and exchange. Essays by scholars of racial/ethnic minoritized criticism of the

Bible highlight the various factors and dynamics at play in the formation of power relations within and through four biblical texts: two from the Hebrew Bible (Genesis 21 and 1 Kings 12) and two from the New Testament (John 4 and Revelation 18). Contributors include Ahida Calderón Pilarski, Ronald Charles, Stephanie Buckhanon Crowder, Lynne St. Clair Darden, Steed Vernyl Davidson, Mary F. Foskett, Jione Havea, Tat-siong Benny Liew, Roberto Mata, Henry W. Morisada Rietz, Raj Nadella, Miranda N. Pillay, David Arthur Sánchez, Timothy J. Sandoval, Fernando F. Segovia, Mitzi J.

Smith, Angeline M. G. Song, Linzie M. Treadway, Nasili Vaka'uta, Demetrius K. Williams, and Gale A. Yee. Each essay expands our understandings of minoritization from a global perspective. *Popular Lectures on Biblical Criticism and Interpretation* Jan 11 2022 **Scriptural Authority and Biblical Criticism in the Dutch Golden Age** Nov 28 2020 "An international conference which took place in Utrecht from 30 August to 1 September 2012, under the title 'God's Word Questioned: Biblical Criticism and Scriptural Authority in the Dutch Golden

Age'.--Page v.

A General Introduction to the Bible, Vol. 2 of 4 May 15 2022

Excerpt from A General Introduction to the Bible, Vol. 2 of 4: Textual Biblical Criticism Higher Biblical Criticism Biblical Archaeology The treatise on Higher Biblical Criticism is a useful novelty in a work on General Introduction. It is time that the student should know what Higher Criticism is in itself, and not merely in its aims and purposes. It is time that he should understand What it is worth and what it is not worth, what it can do and What it can not do. Many writers on the subject mention

only those few phases of Higher Criticism that are applicable and that are applied (but without one word of explanation) to some special, concrete book of the Bible. To try to learn what Higher Criticism really is by reading such works is like attempting to learn the art of medicine by reading a lot of doctors' prescriptions, most of which happen to have been given for colds and coughs, for mumps and measles. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbook.com This book is a reproduction of an important historical

work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Handbook of Biblical Criticism, Fourth Edition
Feb 24 2023 The fourth edition of this best-selling textbook continues

to be a valuable resource for the beginning student in the critical study of the Bible. Thoroughly revised to include the newest methods, recent discoveries, and developments in the field of biblical criticism over the past decade, the Handbook of Biblical Criticism is designed to be a starting point for understanding the vast array of methods, approaches and technical terms employed in this field. Updates in this edition also include an expanded dictionary of terms, phrases, names, and frequently used abbreviations, as well as a bibliography that

includes the most up-to-date date publications. The Handbook of Biblical Criticism is a valuable introductory textbook and a reliable guide for pastors, laypersons, and scholars whose expertise lies in other fields. *Popular Lectures on Biblical Criticism and Interpretation* Feb 12 2022 **Textual Criticism of the Hebrew Bible** Oct 20 2022 Since its initial publication, Textual Criticism of the Hebrew Bible has established itself as the indispensable authoritative textbook and reference on the subject. In this thoroughly revised fourth edition, Emanuel Tov has incorporated the

insights of the last ten years of scholarship. [History of Biblical Interpretation, Volume 4](#) Jul 05 2021 As in the first three volumes of History of Biblical Interpretation, From the Enlightenment to the Twentieth Century surveys the lives and works of significant theologians and lay people, politicians and philosophers, in order to portray the characteristic attitudes of the era. It discusses the philosophers and politicians Hobbes, Locke, and Spinoza and the writers Lessing and Herder. Biblical criticism per se begins with the controversy over the original Hebrew text of the Old

Testament and extends into Enlightenment ethics, myth, and miracle stories. Early representatives include Richard Simon and Hermann Samuel Reimarus, followed by Johann Salomo Semler, Johann Jakob Griesbach, Johann Gottfried Eichhorn, and Philipp Jacob Spener. Biblical scholars such as Wilhelm Martin Leberecht de Wette, Ferdinand Christian Baur, Heinrich Julius Holtzmann, Julius Wellhausen, Hermann Gunkel, Wilhelm Bousset, Karl Barth, and Rudolf Bultmann round out the volume and bring readers to the twentieth century.

Oral Biblical Criticism Aug 18 2022 The Apostle Paul expected the vast majority of the recipients of his letters to hear, not read, them. He structured his compositions for the ear rather than the eye. Pauline audiences would hear clues to meaning and structure because they had learned to communicate in a world where those clues were essential to understanding. Recognizable structures and patterns were essential for listeners to organize what they heard, to follow, to predict and to remember the flow of communication. Oral Biblical Criticism examines Paul's Epistle to the

Philippians in light of recent study of oral principles of composition and interpretation. **A Generation of New Testament Scholarship** Jan 19 2020 This volume comprises seven biographical studies and theological re-evaluations of a range of major British New Testament scholars of the 1920s and 1930s, whose business was Biblical Criticism. **Old Testament Exegesis, Fourth Edition** Jul 25 2020 For years, Douglas Stuart's Old Testament Exegesis has been one of the most popular ways to learn how to perform exegesis--the science and art of interpreting biblical texts properly for

understanding as well as proclamation. Completely updated and substantially expanded, this new edition includes scores of newer resources, a new configuration of the format for the exegesis process, and an entirely new section explaining where to find and how to use the latest electronic and online resources for doing biblical research. Stuart provides guidance for full exegesis as well as for a quicker approach to provide information specifically tailored to the task of preaching. A glossary of terms explains the sometimes bewildering language of biblical

scholarship, and a list of frequent errors guides the student in avoiding common mistakes. No exegetical guide for the Old Testament has been more widely used in training ministers and students to be faithful, careful interpreters of Scripture.
