UnHealthcare: A Manifesto for Health Assurance Sep 08 2021 In UnHealthcare, Silicon Valley entrepreneur and investor Hemant Taneja and Jefferson Health CEO Stephen Klasko, along with writer

Kevin Maney, make a provocative case for a new data-driven, cloud-based category of healthcare called "health assurance." The authors show how health assurance can be built using today's technology, how it will help us all stay healthier at less cost, and how data from health assurance services can help individuals and officials contain and manage deadly virus outbreaks such as Covid-19. More than just a thesis, UnHealthcare is a guide to how entrepreneurs, healthcare professionals, and policymakers can bring health assurance to the mainstream and finally develop a solution to America's healthcare debacle.

The Great Peach Experiment 1: When Life Gives You Lemons, Make Peach Pie Oct 17 2019 Mix together a used food truck, a road trip that doesn't exactly go as planned, and a lot of pie, and you have the recipe for this sweet middle grade series starter brimming with humor, heart, and a family you'll fall in love with. Perfect for readers who gobbled down *The Penderwicks* and *The Vanderbeeks of 141st Street*. Sweet summer has taken a rotten turn . . . After a tough year, Lucy, Freddy, and Herb Peach are ready for vacation. Lucy wants to read all of the books on the summer reading list. Freddy wants to work on his art projects (when he isn't stuck in summer school). Herb wants to swim every day. Then their dad makes a big announcement: one of the inventions their mom came up with before she passed away has sold, and now they're millionaires! But Dad has bigger plans than blowing the cash on fun stuff or investing it. He's bought a used food truck. The Peaches are going to spend the summer traveling the country selling pies. It will be the Great Peach Experiment--a summer of bonding while living out one of Mom's dreams. Summer plans, sunk. And there's one more issue Dad's neglected: none of them knows how to bake. . . . A perfect blend of humor, heart, and family antics, *When Life Gives You Lemons, Make Peach Pie* is a delectable treat to be gobbled down or savored slowly. (Slice of pie on the side, optional, but highly recommended.) A Junior Library Guild Gold Standard

Selection

The Two-Second Advantage Apr 03 2021 What makes a great CEO, statesman, performer or sportsman is their ability to anticipate events before they happen... to predict where a business trend - even a football - is going a split second before anyone else. The Two-Second Advantage explores the science behind the ways our brains act as predictive machines and shows how you too can learn the skills to put yourself those vital seconds ahead of the competition. And now technology is becoming just as skilful - anticipating what customers want before they know, traffic jams before they occur, and snags even before the problems happen. Computers too are learning how to 'think' and help us be ahead. Success comes from predicting the future with the right information and the right help just a fraction before anyone else. So here's how to give yourself The Two-Second Advantage.

Unscaled Jun 17 2022 'A thought-provoking look at the technology that is changing the world of business and the benefits, pitfalls, and challenges for society as a whole.' - Kenneth I. Chenault, former chief executive officer, American Express Company Throughout the twentieth century, technology and economics drove a dominant logic: bigger was almost always better. It was smart to scale up - to take advantage of classic economies of scale. But in the unscaled economy, size and scale have become a liability. Today's most successful companies - Uber, Airbnb, Amazon, Salesforce - have defied the traditional 'economies of scale' approach by renting scale instead of spending vast amounts of money building it. And a new generation of upstarts is using artificial intelligence to automate tasks that once required expensive investment, enabling them to grow big without the bloat of giant organisations. In *Unscaled*, Hemant Taneja convincingly shows how the unscaled economy is remaking massive, deeply-rooted industries and opening up fantastic possibilities for entrepreneurs, imaginative companies and resourceful individuals. Beyond that, it can be the model for solving

some of the world's greatest problems, including climate change and soaring healthcare costs, potentially reversing many of the ills brought on by mass industrialization. The unscale wave has only just started. To succeed in business today, companies, CEOs and leaders everywhere must unlearn what they have been taught - they must embrace an unscaled mindset.

Dreams and Shadows Nov 17 2019 In the debut novel DREAMS AND SHADOWS, screenwriter and noted film critic C. Robert Cargill takes us beyond the veil, through the lives of Ewan and Colby, young men whose spirits have been enmeshed with the otherworld from a young age. This brilliantly crafted narrative - part Neil Gaiman, part Guillermo Del Toro, part William Burroughs - follows the boys from their star-crossed adolescences to their haunted adulthoods. Cargill's tour-de-force takes us inside the Limestone Kingdom, a parallel universe where whisky swilling genies and foul mouthed wizards argue over the state of the metaphysical realm. Having left the spirit world and returned to the human world, Ewan and Colby discover that the creatures from this previous life have not forgotten them, and that fate can never be sidestepped. With sensitivity and hopeful examination, Cargill illuminates a supernatural culture that all too eerily resembles our own. Set in a richly imagined and constructed world, complete with its own richly detailed history and mythology, DREAMS AND SHADOWS is a deeply engaging story about two extraordinary boys becoming men.

Blackbeard the Pirate King Dec 31 2020 Presents the real-life adventures of the eighteenth century pirate Edward Teach, known as Blackbeard, who preyed on ships off the coasts of Virginia and North Carolina, with some sections of the text in verse.

Beauty Queens Aug 19 2022 From bestselling, Printz Award-winning author Libba Bray, the story of a plane of beauty pageant contestants that crashes on a desert island. Teen beauty queens. A "Lost"-like island. Mysteries and dangers. No access to email. And

the spirit of fierce, feral competition that lives underground in girls, a savage brutality that can only be revealed by a journey into the heart of non-exfoliated darkness. Oh, the horror, the horror! Only funnier. With evening gowns. And a body count.

The Little Barn of Dreams Jul 06 2021 Boy meets girl meets... happy ending? Flo has one summer to make it happen... Quirky bookworm Florence Danver spends most of her time lost in whimsical daydreams about characters from her favourite books. Who wouldn't rather be fighting dragons or falling in love with impossibly perfect heroes than stuck behind a computer doing boring data entry all day? But when she loses her job, Flo knows it's time to make some changes. Her beloved Nanna Margot encourages her to spend a week at Camp Calla Lily, but this is a place she hasn't been since she lost her mum and dad, and her return is bittersweet... until she meets Jo Hadlee. Fellow dreamer Jo is a writer and soon the pair are inseparable as they talk books and build castles in the air. But what happens when the fantasy bubble bursts and real life comes roaring back in? The real world is a place of pain and loss where bosses frown upon her distracted air, where people tease her, and where nothing ever has a happy ending. If Florence wants to turn her fairy-tale summer with perfectly imperfect Jo into a happily-ever-after of her own, she will have to accept that love, like life, is best when it's messy and very, very real.

Lucid Dreaming Mar 02 2021 Master Lucid Dreaming and Control Dreams With the Best Techniques to Dream Big. You're about to discover a proven strategy on how to lucid dream and control your dreams so that you can experience and create an extraordinary life. In this lucid dreaming book, you will learn dream interpretation and how to master the art of lucid dreaming with the best I have learned over years of research and experimenting so you can tap into the natural powers you already possess to conquer your dreams in the easiest and fastest way. The Category Design Toolkit Jul 18 2022

Category Creation Jun 05 2021 Lessons from HubSpot, Salesforce, Gainsight and Other Iconic Brands "The Uber of this" "The Salesforce of that" "It's like Instagram, but for..." There is no such thing as an original idea anymore – right? Actually, it turns out that the world's most innovative companies have created so much more than just brand new products and technology. They've created entirely new market categories. The challenge is that successfully building new categories requires a perfect storm of luck and timing. Or does it? Category Creation is the first and only book on the topic written by executives and marketers actively building new categories. It explains how category creation has become the Holy Grail of marketing, and more importantly, how it can be planned and orchestrated. It's not about luck. You can use the same tactics that other category-defining companies have used to delight customers, employees, and investors. There's no better strategy that results in faster growth and higher valuations for the company on top. Author Anthony Kennada, former Chief Marketing Officer at Gainsight, explains how he led Gainsight in creating the "customer success" category, and shares success stories from fellow category-creators like Salesforce, HubSpot and others. It requires much more than just having the best product. You have to start and grow a conversation that doesn't yet exist, positioning a newly discovered problem in addition to your company and product offerings. The book explains the 7 key principles of category creation, including the importance of creating a community of early adopters who will rally around the problem they all share—especially if someone will lead them.

- Identify the "go" and "no go" signals for category creation in your business
- Activate customers and influencers as brand ambassadors
- Grow a community by investing in live events and experiences
- Prove the impact of category creation investments

on growth, customer success, and company culture Written for entrepreneurs, marketers, and executives from startups to large enterprises, Category Creation is the exclusive playbook for building a category defining brand in the modern economy.

Puppy Pirates #7: Lost at Sea May 24 2020 Ahoy, mateys! Set sail for fun and adventure on a pirate ship full of puppies. SOS! Wally and the Puppy Pirates know the legends and mysteries about the Grr-muda Triangle, but could all those strange stories be true? There's only one way to find out: the Salty Bone is going to sail straight through the Grr-muda Triangle! Will the crew make it out alive? Or will they be lost at sea forever . . . ?

The Perfect 10 Jun 24 2020 Puskas of Hungary in the '50s; Pele of Brazil and Gianni Rivera of Italy in the '60s; Platini of France in the '70s; Diego Maradona of Argentina in the '80s; Baggio and Zidane in the '90s. The most magical, supremely talented footballers of the post-war period have all worn the Number 10 shirt. Puskas presided over the regal Real Madrid side that won five consecutive European Cups between 1955 and 1960 and like his fellow number 10s in the football hall of fame and infamy, shares the uncanny ability to transcend the role of mere 'player'. The terms 'inside forward', 'playmaker' or fantasista fail to capture the instinct for genius that characterises all great Number 10s. In ten mini-biographical essays on some of the greatest players the world has ever seen Richard Williams explores the astonishing creative influence of the most celebrated players to wear the shirt and recreates some of the most memorable moments witnessed on a football field.

Puppy Pirates Super Special #1: Ghost Ship Jan 20 2020 Fans of PAW Patrol and Rainbow Magic and those looking for Halloween chapter books will want to climb aboard this PUPPY PIRATES SUPER SPECIAL! Ahoy, mateys! Set sail for fun and adventure on a pirate ship full of puppies! Boo! When Wally is pranked by a couple of pugs, they accuse him of being more puppy than pirate. How can Wally prove he's as fearless as the rest? Spending the

night on an abandoned pirate ship should do the trick! But when Wally and his human friend, Henry, climb aboard, they soon discover the ship might not be so empty after all. . . . This super edition features exciting content like: - How to Draw a Puppy Pirate! - Puzzles! - Instructions for how to play the "Puppy Pirates vs. Kitten Pirates" game! And don't miss the other adventures of the Puppy Pirates!

Summary of Play Bigger – [Review Keypoints and Take-aways]

Together with Milla, they form the Daring Dreamers Club and become best friends. But can they help Milla believe shes ready for this real grand adventure?

Daring Dreamers Club #2: Piper Cooks Up a Plan (Disney: Daring Dreamers Club) Dec 23 2022 When you follow your

dreams, the possibilities are endless! Nobody knows how to follow her dreams better than a Disney Princess. And that's what the Daring Dreamers Club knows through and through. Diverse, talented, and smart, these five girls became friends because they all had one thing in common: big dreams. Touching on everyday dramas and the ups and downs of friendship, this series will enchant all readers who are princesses at heart. The second book in the Daring Dreamers Club series will focus on Piper, who is an aspiring food scientist and inventor. She hopes to open her own business someday, just like Tiana!

Day Dreamers Jul 26 2020 From the New York Times bestselling author of *The Wonderful Things You Will Be* comes this companion to *Dream Animals* -- a celebration of the imagination of children dreaming both day and night! Emily Winfield Martin shows readers that letting their imaginations run free will lead them into fantastical day dreams. Whether cloud-gazing or wandering through a museum, reading a book or playing in a tide-pool, the children in this picture book find themselves in places inhabited by magical creatures such as dragons, unicorns, griffins, and jackalopes. A whimsical rhyme accompanies the dream-worthy illustrations.

Andalon Awakens Jan 24 2023 ***** Winner! 2021 Independent Press Award! ***** Two Worlds Collide in Andalon Here is the first volume of T.B. Phillips' action-packed series *Dreamers of Andalon*. Critics agree that his characters are so vivid they come to life, driving the reader to tears of both dread and celebration as he paints a world directly into your mind. This modern fantasy combines magic with emotion while promising political intrigue and adventure. Each page transports you to a realm of dueling worlds, one advanced and the other locked in the age of sail and pirates. *Andalon Awakens* Many years from now, in a world in which we have all been forgotten, the Caldera of Cinder erupts and Andalon descends into chaos. Pirates and outlaws ally against tyranny as

magical powers awaken at alarming rates, unraveling the plans of the evil Falconers. These dark administrators harvest children who could potentially manipulate the elements, stealing their abilities for a darker purpose. The heroes of this tale include Eusari Thorinson, kidnapped and sold at a young age. She must choose vengeance against those responsible for the pain she endured in evil hands, or choose to challenge the Falconers beside Braen Braston - a quiet outcast from the northern kingdom of Fjorik. Across the continent Robert Esterling fights to come of age and struggles with physical limitations while leading a civil war against his usurper brother - the leader chosen by the Falconers. He must decide the fate of thousands of refugees from the west, the hated and feared Pescari and their powerful goddess of fire. Follow these unlikely heroes as they face political intrigue and work through personal barriers. Read along as they learn to use their powers without destroying the very people they feel compelled to save. Gasp as they discover a much more dangerous foe than Andalon ever dreamed. Andalon Awakens is an emotional ride that will lead you to laughter, tears, and gasps along the way. T. B. Phillips is a craftsman who toys with your heart and leads you by the hand through expert world building, putting you inside each of his characters. "Sometimes you read a book and realize you're reading art. This book does that." "I was absolutely blown away by the rich descriptions and well-formed action sequences. This book is a clinic in writing artistry. It was outstanding in every regard. If there was an option for a sixth star, this book should get it. This book was turned up to 11 all the way to the end. Nice Work." - ZombieTex, ????? "A fantastic tale with pirates, sword fights, magic, love, betrayal, secrets and more!" "TB Phillips is becoming a master-craftsman weaving a beautiful tapestry of characters, adventure and wonder. The imagery of the battles at sea, the Pescari people, and even the evil that lurks behind the book cover is magnificently written. You will latch onto each character and hope your beloved favorites survive to the end of the

series. Phillips has a vivid imagination that compels the reader to turn the pages faster and faster until they finish with a desire to read more." - Maria Thompson, ?????

Dreamer Aug 07 2021 This thrilling sequel to *Traveler* doles out adventure and heartbreak in equal measure as it takes readers through a kaleidoscope of intricately crafted worlds of wonder, discovery, and danger. You're still you no matter where you go. Jessa has learned the hard way that traveling to alternate dimensions isn't all delicious, glittering desserts and fancy parties: it also means accidentally running into people she thought she'd never see again. Still mourning a devastating loss, Jessa isn't really prepared for the arrival of a reckless version of someone she once loved who is now bent on revenge. Add an increasingly complicated relationship with her best friend Ben, the reappearance of an old enemy, and the threat of the multiverse collapsing, and Jessa's got a lot on her plate. She may be destined to help save an infinite multitude of worlds... but in the end, all Jessa really wants to do is save her friends. In *Dreamer*, the young adult fantasy follow up to *Traveler*, author L. E. DeLano delivers a gripping, emotional story that will leave readers on the edge of their seat. Praise for *Traveler*: "Featuring skillful world-building and carefully plotted suspense, this novel will leave readers eagerly awaiting the sequel." —School Library Journal "DeLano's debut novel is full of mystery, action, and romance. Her masterful storyline will keep readers guessing until the very last sentence." —VOYA "Spicy, electric and unputdownable. LOVED IT." —sfinnamore, reader on SwoonReads.com

Crystal Gorge Aug 27 2020 After two devastating defeats and the utter annihilation of two armies, the hideous Vlagh still vows to invade the land of Dhrall. A voracious insectile overmind, she can breed millions of soldiers in mere days and even evolve entire new species in just a week. At first, Dhrall's mortal defenders—a motley bunch of mercenaries, pirates, horse lords, and lone heroes like the archer Longbow—are certain they'll prevail again. Most are now

battle-hardened veterans, and the natives of Dhrall are fierce bison hunters and bear slayers, ready to fight. But while the Vlagh's past servants were giant, venomous, and mindless bugs, it has now created perfect spies: new minions with a man's appearance and intelligence. Corrupted by the agents of the Vlagh, the human tribes are soon at one another's throats. Far, far worse for mortals is the fact that the Gods can no longer be trusted. For, nearing the end of their 25,000 year cycle, the Elder Gods are doddering toward senility and dementia. And to add to mankind's plight, a strange mysterious entity is manipulating the forces in the upcoming strife and neither gods nor mortals know its true intentions. Now, beset by astonishing, dire challenges, Longbow and his fellow mortals must wage a bitter war against a supernatural enemy-one that has evolved in ways they could have never imagined . . .

The Elder Gods -The Dreamers B Feb 13 2022 In this major publishing event, two of the most important names in epic fantasy offer the first of a four-book series.

The Maverick and His Machine Sep 27 2020 The first complete look at one of America's legendary business leaders This groundbreaking biography by Kevin Maney, acclaimed technology columnist for USA Today, offers fresh insight and new information on one of the twentieth century's greatest business figures. Over the course of forty-two years, Thomas J. Watson took a failing business called The Computer-Tabulating-Recording Company and transformed it into IBM, the world's first and most famous high-tech company. *The Maverick and His Machine* is the first modern biography of this business titan. Maney secured exclusive access to hundreds of boxes of Watson's long-forgotten papers, and he has produced the only complete picture of Watson the man and Watson the legendary business leader. These uncovered documents reveal new information about how Watson bet the company in the 1920s on tabulating machines-the forerunners to computers-and how he daringly beat the Great Depression of the 1930s. The documents

also lead to new insights concerning the controversy that has followed Watson: his supposed collusion with Adolf Hitler's Nazi regime. Maney paints a vivid portrait of Watson, uncovers his motivations, and offers needed context on his mammoth role in the course of modern business history. Jim Collins, author of the bestsellers *Good to Great* and *Built to Last*, writes in the Foreword to Maney's book: "Leaders like Watson are like forces of nature—almost terrifying in their release of energy and unpredictable volatility, but underneath they still adhere to certain patterns and principles. The patterns and principles might be hard to see amidst the melee, but they are there nonetheless. It takes a gifted person of insight to highlight those patterns, and that is exactly what Kevin Maney does in this book." *The Maverick and His Machine* also includes never-before-published photos of Watson from IBM's archives, showing Watson in greater detail than any book ever has before. Essential reading for every businessperson, tech junkie, and IBM follower, the book is also full of the kind of personal detail and reconstructed events that make it a page-turning story for general readers. *The Maverick and the Machine* is poised to be one of the most important business biographies in years. Kevin Maney is a nationally syndicated, award-winning technology columnist at *USA Today*, where he has been since 1985. He is a cover story writer whose story about IBM's bet-the-company move gained him national recognition. He was voted best technology columnist by the business journalism publication *TJFR*. *Marketing Computers* magazine has four times named him one of the most influential technology columnists. He is the author of Wiley's *MEGAMEDIA SHAKEOUT: The Inside Story of the Leaders and the Losers in the Exploding Communications Industry*, which was a *Business Week* Bestseller. Residence: Clifton, VA . "Watson was clearly a genius with a thousand helpers, yet he managed to build an institution that could transcend the genius."—from the Foreword by Jim Collins
"Like all great biographers, Kevin Maney gives us an engaging story

. . .his fascinating and definitive book about IBM's founder is replete with amazing revelations and character lessons that resonate today."-Rosabeth Moss Kanter, Harvard Business School, bestselling author of *Evolve!* and *When Giants Learn to Dance*

Traveler Mar 14 2022 Dreams and the real world collide in this twisting, time-bending fantasy about family, friendship, and how love can span every reality. Jessa has spent her life dreaming of other worlds and writing down stories more interesting than her own, until the day her favorite character, Finn, suddenly shows up and invites her out for coffee. After the requisite nervous breakdown, Jessa learns that she and Finn are Travelers, born with the ability to slide through reflections and dreams into alternate realities. But it's not all cupcakes, pirates, and fantasy lifestyles - Jessa is dying over and over again in every reality, and Finn is determined that this time, he's going to stop it... This Jessa is going to live. Chosen by readers like you for Macmillan's young adult imprint Swoon Reads, E.L. DeLano's debut novel *Traveler* is a perfectly plotted fantasy, full to the brim with fantastical settings and a romance that will make your heart race Praise for *Traveler*: "Featuring skillful world-building and carefully plotted suspense, this novel will leave readers eagerly awaiting the sequel." — School Library Journal "“DeLano's debut novel is full of mystery, action, and romance. Her masterful storyline will keep readers guessing until the very last sentence.” —Voya “Spicy, electric and unputdownable. LOVED IT.” —sfinnamore, reader on SwoonReads.com

Winning with Data Apr 15 2022 Crest the data wave with a deep cultural shift *Winning with Data* explores the cultural changes big data brings to business, and shows you how to adapt your organization to leverage data to maximum effect. Authors Tomasz Tunguz and Frank Bien draw on extensive background in big data, business intelligence, and business strategy to provide a blueprint for companies looking to move head-on into the data wave.

Instrumentation is discussed in detail, but the core of the change is in the culture—this book provides sound guidance on building the type of organizational culture that creates and leverages data daily, in every aspect of the business. Real-world examples illustrate these important concepts at work: you'll learn how data helped Warby-Parker disrupt a \$13 billion monopolized market, how ThredUP uses data to process more than 20 thousand items of clothing every day, how Venmo leverages data to build better products, how HubSpot empowers their salespeople to be more productive, and more. From decision making and strategy to shipping and sales, this book shows you how data makes better business. Big data has taken on buzzword status, but there is little real guidance for companies seeking everyday business data solutions. This book takes a deeper look at big data in business, and shows you how to shift internal culture ahead of the curve. Understand the changes a data culture brings to companies Instrument your company for maximum benefit Utilize data to optimize every aspect of your business Improve decision making and transform business strategy Big data is becoming the number-one topic in business, yet no one is asking the right questions. Leveraging the full power of data requires more than good IT—organization-wide buy-in is essential for long-term success. *Winning with Data* is the expert guide to making data work for your business, and your needs.

Play Bigger Feb 25 2023 In today's world, it's no longer enough to create great new products; rather companies now must create whole new categories that destroy old ones. Uber created a new personal transportation category and destroyed taxis and limos. Salesforce.com created a new category of cloud-base sales automation, dethroning the old CRM industry. Airbnb, Workday, Tesla and Netflix are all winning by creating entirely new business categories that destabilise old ones. The category is the new strategy. The conclusion: If you want to build a legendary company, you need to design and build a legendary category at the same time,

and dominate it over time. Your company needs to be a Category King. And if you don't design a Category King, you're creating a failure. Drawing on examples from within and beyond our own practice, *PLAY BIGGER* shows both entrepreneurs and established enterprises how to define, develop and rule a category over time.

Pirates Go to School May 16 2022 A rhyming tale of pirates who go to school accompanied by their parrots, learn arithmetic and letters, and want to hear sea stories at storytime.

Sweet Dreamers Feb 01 2021 Countless cozy animals are settling in for the night, but they all sleep in different ways. The celebrated creator of "Plume" and "The Blue Hour" explains how in her latest enchanting animal book. Full color.

Superconsumers Oct 29 2020 Pork dorks. Craftsters. American Girl fans. Despite their different tastes, these eclectic diehards have a lot in common: they're obsessed about a specific brand, product, or category. They pursue their passions with fervor, and they're extremely knowledgeable about the things they love. They aren't average consumers—they're superconsumers. Although small in number, superconsumers can have an outsized impact on a company's bottom line. Representing 10% of total consumers, they can drive between 30% to 70% of sales, and they're usually willing to spend considerably more than the average consumer. And because they're so engaged and passionate, they can offer invaluable advice to managers looking to improve their products, change their

business models, energize their cultures, and attract new customers. In *Superconsumers*, growth strategy expert Eddie Yoon lays out a simple but extremely effective framework that has helped companies of all types and sizes achieve more sustainable growth: he'll show you how to find, listen to, and engage with your most passionate and profitable consumers, and then tailor your decisions to meet their wants and needs. Along the way, he'll let you into the minds and homes of superconsumers of all kinds, revealing what makes them tick and why they're willing to spend so much more than other consumers. Rich with data and case studies of companies that have implemented superconsumer strategies with great success, *Superconsumers* is a fun, practical, and inspiring guide for anyone interested in making their best customers even better.

Where Is Joe Merchant? Apr 22 2020 Trevor Kane, the hemorrhoid-ointment heiress, South Seas psychic Desdemona, tabloid journalist Rudy Breno, and renegade seaplane pilot search for the whereabouts of presumed-dead-but-often-sighted rock star Joe Merchant. By the author of *Tales from Margaritaville*. Reprint. 30,000 first printing.

Mermaid Coloring Book Dec 11 2021

Hunting Pirate Heaven Jan 12 2022 The author of *Children of Kali* and *Chasing the Mountain of Light* describes his voyage of adventure in search of the lost pirate settlements that once dotted the atolls and islands of the Indian Ocean, his efforts to locate descendants of infamous sixteenth-century pirates, and his discovery of the colorful inhabitants and sites of the region. Reprint.

The King of Confidence Oct 09 2021 The "unputdownable" (Dave Eggers, National Book award finalist) story of the most infamous American con man you've never heard of: James Strang, self-proclaimed divine king of earth, heaven, and an island in Lake Michigan, "perfect for fans of *The Devil in the White City*" (Kirkus) A New York Times Book Review Editors' Choice Longlisted for the 2021 Andrew Carnegie Medal for Excellence in Nonfiction A

Michigan Notable Book A CrimeReads Best True Crime Book of the Year "A masterpiece." --Nathaniel Philbrick In the summer of 1843, James Strang, a charismatic young lawyer and avowed atheist, vanished from a rural town in New York. Months later he reappeared on the Midwestern frontier and converted to a burgeoning religious movement known as Mormonism. In the wake of the murder of the sect's leader, Joseph Smith, Strang unveiled a letter purportedly from the prophet naming him successor, and persuaded hundreds of fellow converts to follow him to an island in Lake Michigan, where he declared himself a divine king. From this stronghold he controlled a fourth of the state of Michigan, establishing a pirate colony where he practiced plural marriage and perpetrated thefts, corruption, and frauds of all kinds. Eventually, having run afoul of powerful enemies, including the American president, Strang was assassinated, an event that was frontpage news across the country. *The King of Confidence* tells this fascinating but largely forgotten story. Centering his narrative on this charlatan's turbulent twelve years in power, Miles Harvey gets to the root of a timeless American original: the Confidence Man. Full of adventure, bad behavior, and insight into a crucial period of antebellum history, *The King of Confidence* brings us a compulsively readable account of one of the country's boldest con men and the boisterous era that allowed him to thrive.

Making the World Work Better Dec 19 2019 Thomas J Watson Sr's motto for IBM was THINK, and for more than a century, that one little word worked overtime. In *Making the World Work Better: The Ideas That Shaped a Century and a Company*, journalists Kevin Maney, Steve Hamm, and Jeffrey M. O'Brien mark the Centennial of IBM's founding by examining how IBM has distinctly contributed to the evolution of technology and the modern corporation over the past 100 years. The authors offer a fresh analysis through interviews of many key figures, chronicling the Nobel Prize-winning work of the company's research laboratories

and uncovering rich archival material, including hundreds of vintage photographs and drawings. The book recounts the company's missteps, as well as its successes. It captures moments of high drama – from the bet-the-business gamble on the legendary System/360 in the 1960s to the turnaround from the company's near-death experience in the early 1990s. The authors have shaped a narrative of discoveries, struggles, individual insights and lasting impact on technology, business and society. Taken together, their essays reveal a distinctive mindset and organizational culture, animated by a deeply held commitment to the hard work of progress. IBM engineers and scientists invented many of the building blocks of modern information technology, including the memory chip, the disk drive, the scanning tunneling microscope (essential to nanotechnology) and even new fields of mathematics. IBM brought the punch-card tabulator, the mainframe and the personal computer into the mainstream of business and modern life. IBM was the first large American company to pay all employees salaries rather than hourly wages, an early champion of hiring women and minorities and a pioneer of new approaches to doing business--with its model of the globally integrated enterprise. And it has had a lasting impact on the course of society from enabling the US Social Security System, to the space program, to airline reservations, modern banking and retail, to many of the ways our world today works. The lessons for all businesses – indeed, all institutions – are powerful: To survive and succeed over a long period, you have to anticipate change and to be willing and able to continually transform. But while change happens, progress is deliberate. IBM – deliberately led by a pioneering culture and grounded in a set of core ideas – came into being, grew, thrived, nearly died, transformed itself... and is now charting a new path forward for its second century toward a perhaps surprising future on a planetary scale.

Dream Animals May 04 2021 Take a bedtime journey with the

New York Times bestselling author of *The Wonderful Things You Will Be* and discover the adventures that await while you dream! You only have to close your eyes And when you snuggle in.... You'll be carried to your dream tonight On wing or paw or fin Snuggle into bed and discover what your dream animal might be and where it could take you!
