[Old Records Never Die](#) Nov 05 2021 A Hudson Booksellers Best Non-Fiction Book of the Year, with foreword by Wilco's Jeff Tweedy High Fidelity meets Killing Yourself to Live when one man searches for his lost record collection. As he finds himself within spitting distance of middle-age, journalist Eric Spitznagel feels acutely the loss of... something. Freedom? Maybe. Coolness? Could be. The records he sold in a financial pinch? Definitely. To find out for sure, he sets out on a quest to find the original vinyl artifacts from his past. Not just copies. The exact same records: The Bon Jovi record with his first girlfriend's phone number scrawled on the front sleeve. The KISS Alive II he once shared with his little brother. The Replacements Let It Be he's pretty sure, 20 years later, would still smell like weed. As he embarks on his hero's journey, he reminisces about the actual records, the music, and the people he listened to it with--old girlfriends, his high school pals, and, most poignantly, his father and his young son. He explores the magic of music and memory as he interweaves his adventures in record-culture with questions about our connection to our past, the possibility of ever recapturing it, and whether we would want to if we could.

"Memories are far more indelible when married to the physical world, and Spitznagel proves the point in this vivid book. We love vinyl records because they combine the tactile, the visual, the seeable effects of age and care and carelessness. When he searches for the records he lost and sold, Spitznagel is trying to return to a tangible past, and he details that process with great sensitivity and impact."--Dave Eggers, New York Times bestselling author of The Circle

Feel the Music May 19 2020 Paul Major has lived resolutely at the edge of outsider music culture for nearly a half-century. As an early private press and 'real people' record collector turned eminent, underground rock 'n' roller, his influence is felt if not heard all around us--until now. Feel the Music traces Paul's trajectory from his formative days in the Midwest, his years in the late '70s New York punk scene, and into his curious career as a connoisseur and campaigner of the weirdest records of all time. Brought to life with unseen photographs, rare record covers, and cut 'n' paste ephemera from Paul's long running mail order catalog, while animated by Paul's storytelling, Feel the Music is a fanatical mystery tour through the further, outer reaches of music history. Alongside Paul's writing, Feel the Music features essays by Johan Kugelberg, Jack Streitman, Michael P. Daley, Rich Haupt, Stefan Kery, Patrick Lundborg, Geoffrey Weiss, Jesper Eklow, and Glenn Terry. Each book also comes with a special Sorcerers and Endless Boogie split 7" vinyl record.

Perfect Sound Whatever Apr 17 2020 *The Sunday Times Bestseller* The brand new memoir from James Acaster: cult comedian, bestselling author of Classic Scrapes, undercover cop, receiver of cabbages. PERFECT SOUND WHATEVER is a love letter to the healing power of music, and how one man's obsessive quest saw him defeat the bullshit of one year with the beauty of another. Because that one man is James Acaster, it also includes tales of befouling himself in a Los Angeles steakhouse, stealing a cookie from Clint Eastwood, and giving drunk, unsolicited pep talks to urinating strangers. January, 2017 James Acaster wakes up heartbroken and alone in New York, his relationship over, a day of disastrous meetings leading him to wonder if comedy is really what he wants to be doing any more. A constant comfort in James's life has been music, but he's not listened to anything new for a very long time. Idly browsing 'best of the year' lists, it dawns on him that 2016 may have been a grim year for a lot of reasons, but that it seemed to be an iconic year for music. And so begins a life-changing musical odyssey, as James finds himself desperately seeking solace in the music of 2016, setting himself the task of only listening to music released that year, ending up with 500 albums in his collection. Looking back on this year-long obsession, parallels begin to

grow between the music and James's own life: his relationship history, the highs and lows of human connection, residual Christian guilt, and mental health issues that have been bubbling under the surface for years. Some albums are life-changing masterpieces, others are 'Howdilly Doodilly' by Okilly Dokilly, a metalcore album devoted to The Simpsons' character Ned Flanders, but all of them play a part the year that helped James Acaster get his life back on track.

The Vinyl Revival And The Shops That Made It Happen May 31 2021 "It explains why we have more than a hundred more record shops than we had in 2009, and how others have gained the reward from their hard work. Budget turntables, manufactures, supermarkets, chain stores, clothes shops, pressing plants and even the government are amongst the many who have benefited from their efforts. Graham Jones has spent 32 years travelling the UK selling to independent record shops and visited more record shops than any other human. This book guides you around the record shops of the UK who sell new vinyl. He has gathered some fascinating and funny anecdotes told him by our much-loved record shop staff so that when you visit you will feel like you already know the characters behind the counters. It is perfect for vinyl fans to keep with them on their travels around the country."--Amazon.com.

[Wax Trash and Vinyl Treasures: Record Collecting as a Social Practice](#) Dec 06 2021 The term 'record collecting' is shorthand for a variety of related practices. Foremost is the collection of sound recordings in various formats - although often with a marked preference for vinyl - by individuals, and it is this dimension of record collecting that is the focus of this book. Record collecting, and the public stereotypes associated with it, is frequently linked primarily with rock and pop music. Roy Shuker focuses on these broad styles, but also includes other genres and their collectors, notably jazz, blues, exotica and 'ethnic' music. Accordingly, the study examines the history of record collecting; profiles collectors and the collecting process; considers categories - especially music genres - and types of record collecting and outlines and discusses the infrastructure within which collecting operates. Shuker situates this discussion within the broader literature on collecting, along with issues of cultural consumption, social identity and 'the construction of self' in contemporary society. Record collecting is both fascinating in its own right, and provides insights into broader issues of nostalgia, consumption and material culture.

Art & Vinyl Mar 17 2020 Art for music: the album cover as medium Art & Vinyl is an exhilarating new look into the history of the vinyl record as a medium for modern and contemporary visual art. This beautifully designed and printed publication is the first book to focus in-depth on works of art created specifically for an album, composer or musician. With reproductions of more than 200 LPs from the mid-20th century to the present, Art & Vinyl traces the trajectory of how the record album has been considered by artists as material for a work of art. The book begins with Pablo Picasso's 1949 depiction of the dove of peace, printed directly on an audio disc. Significantly, the recording was Paul Robeson's Chante Pour La Paix (Singing for Peace). Art & Vinyl also includes works by artists as disparate and wide-ranging as Ed Ruscha, Marlene Dumas, Cy Twombly, Yoko Ono, Jean-Michel Basquiat, Barbara Kruger, Robert Rauschenberg, Sol LeWitt, Sophie Calle and Andy Warhol. Highlights include Gerhard Richter's extraordinary oil painting made directly on a recording of Glenn Gould's Bach: The Goldberg Variations (1984), as well as Allan Kaprow's LP How to Make a Happening (1966). Also featured are albums of original recordings by Joseph Beuys, Yves Klein, Jean Dubuffet, Christian Marclay and Wolfgang Tillmans, among others. Some of the better-known artists' covers for rock, pop and jazz albums featured here are Jann Haworth and Peter Blake's Sgt. Pepper's Lonely Hearts Club Band; Jim Dine's cover for The Best of Cream; Lee Friedlander's portrait of Miles Davis for In a Silent Way; Warhol's cover for Sticky Fingers and Robert Frank's Exile on Main Street; Mapplethorpe's classic Patti Smith portrait for Horses; Robert Longo's cover for Glenn Branca's The Ascension; Fischli/Weiss's Liliput; and Alec Soth's cover for Dolorean's The Unfazed. Art & Vinyl has been assembled over the course of nearly a decade by curator and collector Antoine de Beaupré,

author of Total Records and founder of Librarie Galerie 213 in Paris.

Vinyl Jul 13 2022 This history of the LP is a must-have for any music connoisseur! When vinyl LP records took over the music industry in the late 1950s, a new era began. No longer bound by the time constraints of the shellac 78s that had been in use since the 1910s, recording artists could now present an entire album—rather than a lone three-minute single—on a vinyl LP, giving listeners a completely new way to experience their music. In recent years, vinyl has found a second life as an art form, collected and appreciated by music connoisseurs across the world. Vinyl: The Art of Making Records examines the origins of the vinyl format and its evolution throughout the 20th century, and also provides an in-depth look at how vinyl LPs are manufactured and packaged—often with striking artwork that makes them beloved by music enthusiasts today. Also included are four removable art prints, each representing a sample of album covers from the 1960s, 1970s, 1980s, and 1990s.
